

Our Mission

The mission of Bluffton Regional Medical Center is to improve the health of our communities.

Our Vision

Bluffton Regional Medical Center is committed to:

- ★ a culture of safety;
- ★ an environment of collaboration among patients, physicians, associates and community; and
- ★ high quality, efficient care delivered by competent professionals.

Our Values

Courtesy

Treating everyone with concern and respect without regard to age, sex, race, religion, disability or financial status.

Excellence of Care

Understanding and exceeding the expectations of our customers by customizing our service delivery to meet their needs and wants.

Professionalism

Presenting a positive impression and a professional image.

Education

Providing information to make informed decisions.

Teamwork

Working together to improve service delivery to our customers.
